

The Sag Harbor Whaling & Historical Museum, Sag Harbor, NY

Energy Fair 2008

Become a Sponsor!

The **Energy Fair** depends on the generous support of agencies, organizations, businesses and individuals. Every dollar donated is used to underwrite the Museum's efforts to organize and publicize the Fair.

The **Energy Fair** will give sponsors extensive name recognition throughout the East End and give the message that you support sustainability, energy efficiency and a clean environment. We have a program with different levels of support that is tailored to your needs.
